

Tar Remover

Description

Combination of solvents that is simultaneously highly effective and compatible with paints. Quickly and gently removes stubborn specks of tar, asphalt, resin and fresh paint on motor vehicles, camper vans, motorcycles, bicycles, tools and much more.

Properties

- outstanding compatibility with paint
- dissolves resin and tar-type residues
- removes tar spots
- can also be used on glass

Technical data

Propellant	propane, butane
Viscosity	n.a.
Color / appearance	colourless
Base	tar solvents

Areas of application

For cleaning all types of tar-based contaminants from vehicles. Do not use on polycarbonate plastics or acrylic glass!

Application

1. Shake well before use. 2. Spray Tar Remover onto the places to be cleaned and leave to act for a short while. 3. Wipe off with a lint-free Microfiber Cloth (part no. 1651). 4. Repeat the procedure on extremely stubborn soiling until the desired result is achieved.
