

## Bike Cleaner

### Description

Highly effective biodegradable cleaner. Developed specially for very dirty bicycles. Dissolves and removes mud, grime, dust, leaves, etc. quickly and simply. Does not leave any greasy residues and has no influence on braking effect.

### Technical data

Color / appearance	colorless
Base	surfactants, water-soluble solvent
Density at 20 °C	1,014 g/cm <sup>3</sup>

### Areas of application

For cleaning bicycles and carbon parts. Also suitable for e-bikes.

### Comment

**Do not use under direct heat or on hot paint surfaces!**

### Application

Rinse off coarse dirt with a water jet. Then spray cleaner onto the pre-dampened surface from a distance of approx. 30 cm and leave it to take effect for 2-3 minutes. Do not leave it for much longer than the recommended time. Rinse the bicycle with clean water and dry it off.
