

## Top Tec ATF 1200 G

### Description

Top Tec ATF 1200 yellow is a next generation automatic transmission fluid based on HC synthetic base oils in combination with state-of-the-art, powerful additives. The outstanding composition of various base oil and additive components ensures optimum stability to aging, excellent protection against wear and good friction characteristics. Top Tec ATF 1200 yellow conforms to the requirements of numerous unit and vehicle manufacturers and guarantees perfect operation of the units even under extreme operating conditions and when exposed to large temperature fluctuations. Also suitable for extended oil change intervals.

### Properties

- highest thermal stability
- excellent viscosity/temperature properties
- outstanding corrosion protection
- very good low-temperature properties
- high chemical resistance
- multifunctional uses
- outstanding friction characteristics
- excellent wear resistance
- optimum stability to aging

### Areas of application

For automatic transmissions, manual transmissions, steering systems, hydraulic systems and auxiliary drives both in passenger vehicles and commercial vehicles and in industrial applications. For universal use in European, American and Asian vehicles. Usage according to the prescribed specifications from the unit or vehicle manufacturer.

### Application

The specifications and instructions from the unit or vehicle manufacturer must be followed. Top Tec ATF 1200 yellow can also be used for refilling systems in which traditional ATFs are used. Optimum effectiveness, however, is only possible when the product is used on its own (i.e. no mixing).
