

## A/C System Cleaner Odorless

### Description

Special cleaner for removing of mold and bacteria quickly and effectively from A/C systems. Contains no fragrances.

### Properties

- increases ride comfort
- water-repellent protective film
- removes musty smells
- assures fresh, clean air

### Technical data

Base	cleaning solution
Color / appearance	colourless
Solubility in water	mixable
Density	1 g/cm <sup>3</sup>
Flash point	n.a.
Shelf life in original sealed container	36 months

### Areas of application

Suitable for cleaning and disinfecting air conditioning systems in passenger cars, commercial vehicles and buses.

### Application

Ready-to-use A/C system cleaner that is applied with the aid of the Air-Conditioner System Cleaner Gun (part no. 4090). Choose a container that is appropriate for the size of the evaporator surface, but use at least 0.5 l of cleaning fluid per vehicle. Follow the service recommendations of the car manufacturer for cleaning the A/C system. If no model-specific instructions are available from the manufacturer, follow the LIQUI MOLY recommendation for application (see under "Service > A/C system instructions" on our website). If possible, spray the cleaning fluid directly onto the evaporator surface.

### Available pack sizes

500 ml Bottle plastic	20756
	D-GB-CN
5 l Canister plastic	21498
	D-GB-F-E-P-ARAB-RUS-TR
