

Pump Spray Bottle

Description

Spray bottle with hand pump. For the application of numerous chemicals. For universal use thanks to the sealing material Viton with its high chemical resistance. Capacity: 0.9 l cleaning fluid.

Properties

- outstanding chemical resistance
- simple to use
- capacity 1 l
- Viton® sealing material
- maximum operating pressure 3 bar
- large filler opening for easy filling
- adjustable hollow cone nozzle
- powerful pressure pump

Areas of application

For universal use for the application and atomization of chemicals such as Rust Solvent, Rapid Cleaner, Multispray, Leak Finder and Universal Cleaner.

Comment

When bottle is under pressure, relieve the pressure at the spray lever or by carefully loosening the bottle before opening it.

Attention: For safety reasons, no products containing acid can be processed with this spray bottle! Material compatibility only checked in combination with the specified LIQUI MOLY products.

Application

Fill the spray bottle with the intended chemicals. Do not exceed the maximum capacity of 0.9 l. Pressurize the bottle by working the pump up and down and adjust to the desired spray pattern by rotating the nozzle. Clean the bottle and the pump when switching over to a different fluid.
