

Plastic "Like New"

Description

Freshens up plastics on the vehicle exterior. Maintains and improves extremely faded plastic parts and ensures comprehensive plastics processing in a single operation. Provides optimum protection against aggressive environmental influences and UV radiation. Contains silicone.

Properties

- simple to use
- protects against aggressive environmental influences
- enhances the appearance of faded plastics
- extremely high UV resistance

Technical data

pH value	8 ±0,5
Density	1 g/cm ³ DIN 51757
Solubility	completely soluble in water
Base	dyes, silicones
Color / appearance	white
Form	liquid
Viscosity	420 ±70 mPas

Areas of application

For all unpainted plastic parts on the vehicle exterior.

Application

1. Parts which are contaminated must be thoroughly cleaned with Car Wash Shampoo before treatment. 2. Shake well before use. 3. Then pour onto Microfiber Cloth (part no. 1651) or a soft cloth and apply thinly and evenly using light pressure. 4. Let dry and then polish. 5. Depending on the degree of fading or in the event of an uneven result, repeat the process until the desired result has been achieved.

Available pack sizes

250 ml Bottle plastic	1552 D-GB-I-E-P
250 ml Bottle plastic	21720 GB-I-E-P
