

Ready-to-use windshield antifreeze -20 °C

Description

Premixed product with surfactant cleaning and antifreeze components for the cold season. Powerful cleaning, creates a clear view in seconds and thus ensures more safety in traffic. Prevents freezing of the windshield washer unit as well as icing up of nozzles at temperatures down to approx. -20 °C. Does not attack plastics, rubber or paint. Maintains the suppleness of rubber.

Properties

- assures a clear, streak-free view and safety
- does not attack plastics, rubber and paints
- improves the sliding properties of wiper rubbers
- extends the service life of wiper rubbers
- suitable for fish-tail nozzles
- gentle cleaning
- suitable for polycarbonate
- prevents the windshield washer unit from freezing up

Our information is based on thorough research and may be considered reliable, although not legally binding.

Technical data

Form	liquid
Color / appearance	blue
