

Product information

Bike Gloss Spray Wax

PI 29/12/01/2021

Description

Cleans and preserves bicycles. Gives all paint and color finishes a smooth surface with a brilliant shine and outstanding depth of color after easily polishing. The protective layer left behind smooths out scratches and protects the paint from the weather. Light road grime and greasy contaminants can be removed quickly and easily without making scratches.

Our information is based on thorough research and may be considered reliable, although not legally binding.

Properties

- excellent long-term protection
- high gloss mirror finish
- antistatic
- protects against aggressive environmental influences
- silicone-free

Technical data

Base	waxes
Form	liquid, aerosol
Color / appearance	beige
Odor	characteristic
Processing temperature	10-25 °C

Areas of application

An outstanding product for quickly sprucing up paintwork. Ideally seals paint surfaces against the weather. Also suitable for e-bikes.

Comment

Not suitable for matt paints!

Do not spray onto hot surfaces or use in direct sunlight!

Do not use on polycarbonate plastics or acrylic glass!

Application

Surfaces which are heavily contaminated must be thoroughly cleaned with Bike Cleaner (part no. 6053) and dried before treatment. Then spray on a thin coat of Gloss Spray Wax, let dry and polish with a soft rag or microfiber cloth. Shake can before use.
