

Super Leichtlauf 10W-40

Description

Low-friction motor oil based on synthetic technology. For the high requirements of modern, high-performance gasoline and diesel engines without maintenance interval extension. Saves fuel, provides optimum protection against wear and has a beneficial effect on sealing materials and thus on the leaktightness of engines. Therefore highly suitable for year-round use in vehicles with mileages of over 100,000 km.

Properties

- instant lubrication after cold start
- outstanding engine cleanliness
- miscible with all commercially available motor oils
- regenerates seals
- high shear stability
- especially suitable for vehicles with mileages over 100,000 km
- high lubrication reliability
- saves fuel and reduces pollutant emissions
- maintains seals
- smooth engine running
- excellent wear protection
- optimum stability to aging
- tested for turbochargers and catalytic converters
