## Motorbike Benzinsystemreiniger

### Description

Removes deposits and helps prevent new ones from forming on injectors or carburetors, intake valves, diaphragms, and piston skirts. Cleans spark plugs and the combustion chamber. Eliminates starting problems and rough engine running. Protects the fuel tank and fuel system against corrosion. Improves throttle response and handling. Stabilizes the fuel and prevents premature fuel degradation. Optimizes engine performance.

### Properties

- removes deposits from injectors and carburetors
- cleans intake valves and the combustion chamber
- cleans the fuel system
- tested for the use with catalytic converters

### Technical data

| | |
|---|---|
| Odor | characteristic |
| Color / appearance | yellow |
| Form | liquid |
| Flash point | > 63 °C |
| Density | 0,809 g/cm³ |

### Available pack sizes

| | |
|---|---|
| 250 ml Dispensing bottle plastic | 23206<br>DE-EN-ES-IT-PT-FR-NL |
