

Truck Series Complete Diesel System Cleaner

Description

An effective mixture of additives for rapid removal of performance dimishing deposits from the fuel system in all kinds of diesel engines. Cleans injectors, the combustion chamber and restores proper fuel atomization for improved engine efficiency.

Properties

- removes deposits from entire fuel system
- eliminates diesel knocking
- suitable for all diesel engines, including common rail
- increases cetane number
- reduces pollutant emissions
- for problem-specific use

legally binding.

Technical data

Base	additive, carrier fluid
Color / appearance	light brown, clear
Density at 59 °F	0,869 g/cm ³
Flash point	145 °F
Viscosity at 104 °F	< 7,0 mm ² /s
Odor	characteristic
Form	liquid

Areas of application

Suitable for use in all diesel engines, with or without turbochargers. Safe for use with catalytic converters and particulate filters (DPF).

Comment

⚠ WARNING: Cancer and Reproductive Harm-
