

Motorbike Radiator Cleaner

Description

Removes deposits from cooling systems in all motor vehicles. It removes scale, grease, sludge and other deposits to allow restored performance and proper cooling.

Properties

- disperses sludge
- removes oil and grease-based contaminants
- compatible with antifreeze
- chemical conversion of lime
- neutralizes acids
- neutral behavior on rubber and plastics

Technical data

Form	liquid
Color / appearance	white, light unclear
Hazard class as per German VbF	none
pH value	~8,7
Solubility in water	soluble
Odor	characteristic
Density at 68 °F	1,015 g/cm ³

Areas of application

Suitable for all cooling circuits. Compatible with most conventional coolants and antifreezes. Shake well before use.

Comment

⚠ WARNING: Reproductive Harm -
www.P65Warnings.ca.gov.

Application

Add contents to the cooling system, allow thermostat to open then idle for 10-30 minutes depending on level of contamination. Shake well before use. Drain system, then flush with clean water. One full Can (150 ml) used with up to 5 Liters (5,3 U.S. Qts) of coolant.

Available pack sizes

150 ml Can sheet metal	20166
	USA-EN
150 ml Can sheet metal	22106
	CANADA-EN-F
