

Motorbike Chain Lube

Description

Fully synthetic chain lubricating grease. Extremely adherent and waterproof. Excellent penetration ability and lubrication. Particularly suitable for fast-running chains. Reduces chain elongation and helps to extend chain service life. New complex ester technology. Full effectiveness only when used unmixed. Before use we recommend cleaning the chain with Motorbike Chain and Brake Cleaner (part no. 1602).

Properties

- reduces chain elongation
- friction and wear reducing
- resistant to acceleration forces
- excellent adhesion
- especially cold, hot and splash-water resistant
- highest load-carrying capacity
- excellent penetration action
- outstanding corrosion protection

Technical data

Base	Syntheseöl, Additive / Synthetic oil, additives
Color / appearance	klar, gelblich / clear, yellowish
Operating temperature range	-30 bis +180 -30 to +180 °C
Odor	charakteristisch / characteristic
Form	flüssig, aerosol / liquid, aerosol
Density at 20 °C	0,831 g/ml
Flash point	-10 °C

Areas of application

Initial and maintenance lubrication of power train chains. Especially suitable in dusty, dirty and corrosive atmospheres. For highly-stressed and high-speed chains with and without O-rings.

Application

Carefully clean chain with solvent such as Motorbike Chain Cleaner (part no. 1602). Apply by spraying. The lubricant attains its final consistency and adherence once the solvent has rapidly evaporated.

Available pack sizes

250 ml Can aerosol	1508 D-GB-E
250 ml Can aerosol	5962 D-F-I-GR
250 ml Can aerosol	20741 GB-DK-FIN-N-S
250 ml Can aerosol	20937 JP
