

## Cockpit Bright

### Description

Cockpit Bright is a high-lubricant, ageing resistant, silicone-based car care product dissolved in chlorine-free solvent which has been formulated for broad application on motor vehicles.

### Properties

- high resistance to aging
- good water resistance
- regenerates plastic
- insulates
- impregnates
- neutral behavior in contact with rubber and plastics
- good lubricating effect on rubber and plastic components
- optimum penetration properties
- prevents immediate re-contamination
- does not resinify or become sticky

### Technical data

Odor	charakteristisch / characteristic
Base	Silikone, Tenside / silicones, surfactants
Propellant	Propan, Butan / propane, butane
Color / appearance	farblos / colourless
Form	aerosol, flüssig / aerosol, liquid

### Areas of application

For care of dashboards, plastic coatings, bumpers, for squeaky and creaky dashboards and sluggish seat belts.

### Application

Spray thinly onto parts to be treated from the aerosol can and after a short drying time, rub with a soft rag. Because of the risk of slipping, not suitable for steering wheels, pedals, seat surfaces or gear lever knobs.

### Comment

#### Safety suggestions

Spraying releases propane/butane and flammable solvent vapours. Make sure that there is sufficient ventilation during use and keep from sources of ignition.

### Available pack sizes

200 ml Can aerosol	1510 D-GB-I-E-P
300 ml Can aerosol	7582 D-RUS-UA
600 ml Can aerosol	1610 D-GB-I-E-P
