

Product information

Gloss Waxing Shampoo

PI 24/17/06/2020

Description

This product is an effective, multi-functional and **pH-neutral quick-dispersing shampoo concentrate** for washing vehicles by hand, and contains mild, skin-friendly, paintwork-friendly tensides and a high proportion of care ingredients. **Washing, product care and drying are all made in a single procedure.** The water film disperses immediately after rinsing, which helps stain-free drying of the vehicle. Among other applications, Gloss Waxing Shampoo is ideal for showrooms and general care, as previously applied polish and sealing products are not removed. The paintwork receives a **high-gloss finish with long-lasting preservation** and is thus protected against aggressive environmental influences.

Properties

- protects the paintwork against aggressive effects from the weather and the environment
- excellent cleaning effect
- suitable for polycarbonate
- excellent dewatering effect, meaning less work when leathering
- cleaning and sealing in a single process

Technical data

Form	flüssig / liquid
Solubility	löslich in H ₂ O / soluble in water
Density at 20 °C	1.00 g/cm ³ DIN 51757
Color / appearance	farblos / colourless

Areas of application

For cleaning all materials in commercial motor vehicles, motorbikes, boats, mobile homes, garden furniture etc., including paintwork, chrome, rubber, plastic and glass.

Application

The shampoo can be used for washing vehicles by hand or using a shampooing unit. For washing by hand, add 30 to 50 ml of Gloss Waxing Shampoo to 10 litres of water (depending on the water hardness), clean the vehicle using a cleaning glove or sponge, then wash off thoroughly with a soft, clear water jet. Remove residual water with a microfibre cloth or chamois leather.

Comment

Caution! Do not use on hot paintwork or surfaces, or in direct sunlight! Check for compatibility and suitability before use!
