

MADE IN GERMANY

OIL CHANGE

Engine Flush

- Restores engine performance
- Removes internal engine deposits
- Reduces engine wear
- Less chance of engine damage

OIL CHANGE

Oil Treatment

- Preventing wear for a longer engine life
- Less friction for smooth engine running
- Better fuel economy
- Keeps valve guides supple

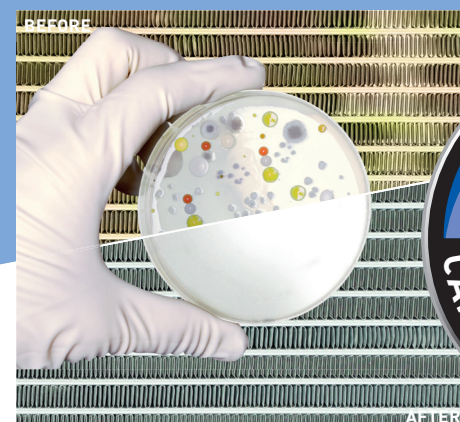

OIL CHANGE

Engine Armor

- Improves fuel economy
- Decreased engine noise
- Protection in case of oil pressure loss
- Less chance of overheating

AIR CONDITIONING

A/C System Cleaning Pro

- Permanently removes odor
- Mold and bacteria flushed away
- Disinfects A/C evaporator
- Hypo Allergenic treatment

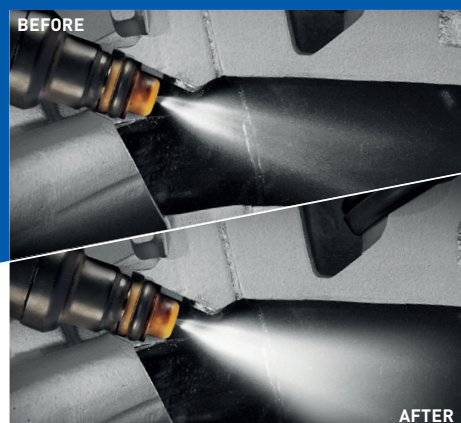

GASOLINE TREATMENT

Throttle Valve Cleaning

- Removes dirt & deposits in throttle area and intake tract
- Increased engine reliability
- Smoother idle
- Lower fuel & oil consumption

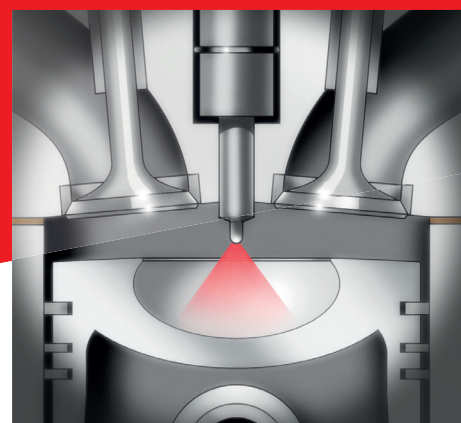

GASOLINE TREATMENT

Injection Cleaning

- Cleans & removes deposits from injectors, valves and combustion chamber
- Easy engine start-up
- Smoother idle
- Lower fuel consumption
- Lower emissions

DIESEL TREATMENT

Diesel Treatment

- Smoother idle and less knocking
- Removes deposits like gum, lacquer, ash and carbon
- Improved fuel economy and performance
- Lower emissions

DIESEL TREATMENT

DPF Cleaning

- Ideal for short distance driving
- Prevents Diesel Particulate Filter clogging
- Restores performance
- Lower fuel consumption
