

Description

Quickly and completely removes grease, oil, fuel and other heavy soiling along with finish rust and flash rust. Intensive Car Cleaner has excellent wetting and penetration ability and is highly biodegradable.

Properties

- does not attack plastics, rubber, glass, paints and textiles
- biologically degradable
- optimum penetration properties
- powerful wetting effect
- easily dissolves stubborn dirt

Technical data

Solubility	soluble in water
Color / appearance	colourless, clear
pH value	9,5 (20°C)
Flash point	n.a. DIN 51757
Base	surfactants
Form	liquid
Odor	apple
Density at 20 °C	1,01 g/cm ³ DIN 51757
Shelf life in original sealed container	30 Monate

Areas of application

For pretreating strongly soiled chassis parts before car washing and body care.

Application

Shake well before use then spray uniformly all over the contaminated vehicle parts such as the front end, rear end and side sections etc. Allow to take effect for 1-3 minutes depending on the degree of contamination but do not allow to dry out. Next, drive the vehicle into a car wash or clean with brushes, sponge or paint brush and then wash off with water.
