

Description

Seals and impregnates fabrics and is thus ideal for universal moisture and stain protection. Reliably repels water and protects against oil and grease spots and soiling, e.g. due to pollen or bird droppings. Keeps the fabrics pliable and breathable.

Properties

- silicone-free
- very water-repellent
- prevents the formation of spots and patches
- impregnates

Technical data

Base	ketones, preserving agents
Color / appearance	colourless
pH value	n.a.
Form	liquid, aerosol
Odor	characteristic

Areas of application

For impregnating textile soft tops, awnings, tents, sunshades and much more. Also for products with a breathable membrane and suede leather.

Application

1. Test surfaces to be treated for cleanliness beforehand. Clean with Soft Top Cleaner, if necessary, and let dry. 2. Shake well before use. 3. Spray Fabric Impregnation thinly and uniformly onto the surface at a distance of approx. 20 cm. 4. Then allow to dry for 1 – 3 hours. Note: Use only in a well ventilated area.

Available pack sizes

400 ml Can aerosol 1594
