Motorbike Chain and Brake Cleaner

Description

Special cleaner with a combination of selected solvents. For the rapid, efficient cleaning and degreasing of structural components on two-wheelers.

Properties

- optimizes economical use
- high proportion of active components
- optimum penetration capacity
- low surface tension
- dissolves resin and tar-type residues
- controlled evaporation free of residues
- leaves no residues
- removes oil and grease-based contaminants

Technical data

Color / appearance	colourless
Base	solvent-mixture, acetone-free
Form	liquid, aerosol
Propellant	CO2
Shelf life in original sealed container	30 months

Areas of application

For cleaning chains with and without O/X-rings on two-wheelers and ATVs as well as drum and disk brake systems, their brake pads and components as well as brake calipers.

Comment

Do not lay rubber components in a container with Cleaning Fluid to clean them as they may be attacked.

Application

Place a box or rag under the parts to be cleaned. Spray onto dirty chains and let drain off. After the solvents have evaporated (approx. 10 min.), the chain will be clean and degreased and can then be treated with our Motorbike chain sprays. Do not spray onto plastics. **Caution:** Before use, test for compatibility on a hidden area of painted brake calipers, painted components, and plastics.

Available pack sizes

500 ml Can aerosol	1602 DE-EN-ES-PT
500 ml Can aerosol	5964 DE-FR-IT-NL
500 ml Can aerosol	20742 DA-EL-FI-NO-SV

Available pack sizes

500 ml Can aerosol	20938 JA
