

Truck Series Complete Diesel System Cleaner

Description

Successful test bench analyses prove it optimizes the combustion process and restores the original performance of the engine. Removes deposits on injection nozzles and in the combustion chamber. Boosts the cetane number and improves emissions values. Clean engines burn less fuel and emit less CO₂.

Properties

- reduces pollutant emissions
- removes deposits from entire fuel system
- eliminates diesel knocking
- suitable for all diesel engines, including common rail
- boosts the cetane number
- for problem-specific use

Technical data

Base	additive, carrier fluid
Color / appearance	light brown, clear
Density at 15 °C	0,869 g/cm ³
Flash point	63 °C
Viscosity at 40 °C	< 7,0 mm ² /s
Odor	characteristic
Form	liquid

Areas of application

Suitable for all diesel engines with and without a diesel particulate filter (DPF).

Application

Add to the fuel. Can is sufficient to treat up to 115 l of diesel fuel. For optimum performance a minimum fill of 25 l is required.

Available pack sizes

500 ml Can sheet metal	20996 AR-EN-FR-RU
500 ml Can sheet metal	21455 EN-PT
