Camping Wash & Wax

Description

2-in-1 Wash Shampoo for all exterior vehicle surfaces on caravans, motor homes, camper vans, and passenger cars. Cleans and maintains gently and leaves a brilliant shine. Reliably protects and seals against environmental influences thanks to its highly effective formula with carnauba wax. Improves the appearance of the vehicle by increasing the luster. Does not leave behind any lime deposits and facilitates leathering.

Our information is based on thorough research and may be considered reliable, although not legally binding.

Properties

- with carnauba wax
- cleans and seals recreational vehicles in one go
- protects the paintwork against aggressive effects from the weather and the environment
- truly shines with high washing and cleaning efficiency
- also suitable for polycarbonates such as windows and roof hatches

Technical data

Solubility	soluble in water
Density at 20 °C	1,02 g/cm³
Form	liquid
Odor	characteristic
Color / appearance	orange
pH value	concentrated 5,8 ; mixed 6,5
Base	wetting agent, wax
Shelf life in original sealed container	30 months

Areas of application

For smooth, painted and foil-coated surfaces made of aluminum, plastic, glass, GFRP, polycarbonate, stainless steel, and rubber for the exterior on camping vehicles.

Application

1. Remove coarse dirt in advance with high-pressure cleaner or a strong water jet.2. Shake well before use.3. Then mix with water (30 ml for 10 l of water). 1 line on the dosage scale corresponds to approx. 30 ml. Use the Car Washing Sponge (part no. 1549) to apply and distribute from top to bottom on the vehicle.4. After this, rinse with clean water and dry or leather the surface.Note: Do not use on hot surfaces or in direct sunlight! Store protected against frost!
