Product information
Camping Multi-Spray

PI 2/08/15/2024

Description
Universal care and protection spray for the camping and outdoor segment. Thanks to the highly effective formulation with PTFE solid lubricants, keeps moving parts running smooth over the long term and effectively eliminates squealing noises at joints, hinges, supports, jockey wheel, etc. Loosens firmly rusted screws, is water-repellent and reliably protects camping equipment against corrosion and oxidation. Drives out moisture and protects the vehicle's entire electrical system. Neutral acting on plastics, paints, GFRP, metals, and wood.

Properties
- eliminates squeaking and creaking noises
- releases seized up and rusted on parts
- drives out moisture and maintains components in electrical systems
- optimum penetration properties
- good corrosion protection
- does not attack plastics, paints, metals, GFRP or wood
- high capacity
