

Motorbike Kettenspray Race

Description

High-performance chain spray for extreme conditions, such as in racing, on mountain passes, and for high-speed chains. Its combination of ceramic solid lubricants and first-class wear protection ensures minimal friction and maximum chain life. Provides optimal creep resistance and excellent corrosion protection. Thanks to excellent adhesion and, above all, minimal slinging, the area around the chain stays clean. Colored red.

legally binding.

Properties

- considerably reduces friction and wear even under extreme loads
- highest load-carrying capacity
- prevents corrosion even under adverse conditions
- especially cold, hot and splash-water resistant
- excellent penetration action
- simple to use thanks to the practical flip-up spray head
- good adhesion, leading to low spin-off and clean chain surroundings

Technical data

Base	base oil, additives, solid lubricant
Color / appearance	milky-cloudy, red
Form	liquid, aerosol
Odor	characteristic

Areas of application

For all motorcycles with chain drives. Especially for motorcycles with high power and high torque. Suitable for all types of chains (O-, X-, and Z-rings).

Application

Before use, clean the chain with Motorbike Chain and Brake Cleaner (Art. No. 1602). Then shake well and spray onto the chain. The lubricant attains its final consistency and adherence once the solvent has evaporated.

Available pack sizes

200 ml Can aerosol	23241 AUEN-EN
400 ml Can aerosol	21764 DE-EN-ES-PT
400 ml Can aerosol	23270 DE-FR-IT-NL
