Product information
Skin Care Lotion

PI 19/09/23/2025

Description
Slightly greasy, spreads easily and is absorbed rapidly. Contains natural oils, active substances of chamomile, ceramides, E vitamins, and the provitamin B5 (D-panthenol), which can support the formation of new skin cells and thus assists regeneration. Regular use strengthens the immune system of healthy skin, keeping it supple and well-nurtured. Silicone-free, pH neutral, and dermatologically tested.

Properties
- protects and cares for the skin
- dermatologically tested
- silicone-free
- neutral to skin
- for virtually all skin types
- promotes the formation of new skin cells and thus contributes to regeneration
- regulate the moisture content of the skin and prevent excessive dryness
