

Air-Conditioner System Cleaner Gun

Description

Special cleaning gun for optimum processing of the specially developed Air Conditioning System Cleaning Fluid (part. no. 4091/4092). Enables optimum atomization of the cleaning fluid and thanks to the spherical spray jet ensures 99.9 % removal of mold and bacteria such as legionella from the air conditioning system. The very flexible spray probe allows even the most remote corners to be reached. We recommend that the tips given in our cleaning instructions are observed.

Areas of application

Specially developed for cleaning and disinfecting air conditioning systems in cars, commercial vehicles and buses as well as domestic air conditioning systems.

Application

Please follow the procedure for cleaning as described on the Internet under www.liqui-moly.com!

Available pack sizes

1 pcs Carton 4090
D-GB-F-DK-S-NL-I-E-P
